### Update to Remote Re-consent AFT Guidance Extending Valid Date to 31-Dec-2021

Dear AFT Investigators, Study staff, Partners and AFT staff,

The *AFT Guidance for Remote Re-consent During the COVID-19 Pandemic* has been updated. The expiration date has been extended from 01-Sep-2021 to **31-Dec-2021**.

This was developed as a guidance document for sites that **do not have a policy in place for remote re-consent** of study participants. Please note that remote consenting of new participants must be approved by the study sponsor, AFT, and IRB if required per current IRB policies. Please submit these requests to your study-specific Project Manager.

The updated AFT Guidance document can be accessed by [following this link](#).

Thank you,
